THE LOOM BOOKMARK

Westfield Primary School, Woking, UK

School Bookfairs are a wonderful place to share ideas and experiences with the little ones but also their parents who often look for inspiration for the things they might do with their own children and also for themselves.

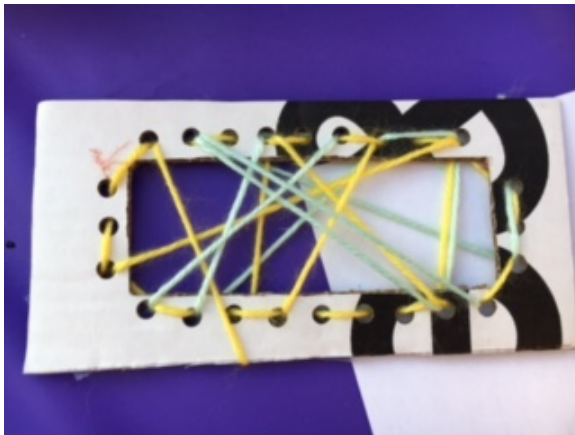

Sisu Consulting Lt. presented the very simple but with so much context craft of making a loom bookmark. The event took place during the school Book Fair where young by spirit and age enjoyed the magic of the yarn. Leaflets of the project were distributed and interesting discussions were made with some of the parents.

A truly wonderful event for spreading DARE2WOW word!
